How to enroll in a course:

1. Choose a course that you would like to take, and navigate to that courses information page, click on the link for Enrolment.

2. Click on the specific sign-up sheet for the time-frame during which you would like to take this course.

3. In the yellow box you can see all the specifics on the course, and also how many of the available spots have already been filled. If you are satisfied with your selection click on the SignUp Now button. If you do not see this button, it might be that both the sign-up list and reserve list are full OR that the dates during which enrollment was open, have passed. If there is still a place left in the course and you wish to participate, please send an e-mail to Graduateschool@tudelft.nl.

4. You will receive a confirmation at the top of the page that you have been added to the course (or to the reserve list if there is one). You can also see you name appear in the List members for that specific course, and you will have gained an entry under My Groups that corresponds to the name of the group that you just enrolled in.
